"Thanks to Tea Party Patriots, I was able to donate some Tea Party Activity Books to a local school that accurately teaches students about the history of our country. I also donated some brochures and 2nd Amendment bumper stickers to local gun shops. The gun shop owners were more than happy to put those by the register for their customers. I am hoping it will help in building up our local group over time. Thank you Tea Party Patriots for your support. I couldn't do it without you."
